1. INTRODUCTION

The purpose of this COVID-19 safety plan is to provide and overarching plan for the implementation and management of procedures by Everyday Lions to stage the Light Night Glow fun run event on August 21st 2021.

The arrangements set out in this Plan are intended to prevent the transmission of COVID-19 among participants, coaches, officials, administrations/volunteers, visitors, families and the broader community. The Plan provides the framework to govern the general operation of the organisers for any facilities it controls, the competing behaviour of all participants and the monitoring and reporting of the health of attendees at the event.

This Plan includes, but is not limited to, the conduct of:

- a. Competition activities (sport operations); and
- b. Facility management and supporting operations (facility operations).

At all times the Plan is subject to all the regulations, guidelines and directions of government and public health authorities.

- Participants, coaches, officials, administrators/volunteers, families and the broader community need to be briefed on the Light Night Glow Run Safety Plan;
- Facilities are assessed and appropriate plans are developed to accommodate upgraded hygiene protocols, physical distancing and other measures to mitigate the risk of transmission of COVID- 19;
- Competition cannot commence until the arrangements for sport operations and facility operations are finalised and approved, if necessary; and
- At every stage of the The Light Night Glow Run, the organisers must consider and apply all applicable State and Territory Government and local restrictions and regulations.

5. RECOVERY

When public health officials determine that the outbreak has ended in the local community, Everyday Lions will consult with relevant authorities to identify criteria for scaling back its COVID-19 prevention actions. Everyday Lions will also consider which protocols can remain to optimise good public and participant health.
